MATERIAL SAFETY DATA SHEET

1. Product identification

Product Name: Epilamizing solution ECO-205

Swiss Toxicological Information Centre (CH): Emergency telephone number:

145

+41 44 251 51 51

Product use: Product destined to lower the surface tension

on mechanical parts, for professionnal use

only.

Manufacturer: LRCB Sàrl

26, chemin des Vignes - 2503 Bienne - Suisse Address:

31/07/2020 Date of publication:

Established in accordance with EC Directive

1272/2008 and 1907/2006

2. Hazard identification

Pictogramm :

Main dangers: H413 Harmful to aquatic organisms, may cause

long-term effects

3. Composition

CAS Name Н Ether of perfluorobutyl and 163702-06-5 413 20-80%

Ether of perfluorobutyl and 163702-05-4 20-80% 413

ethyl

4. First aid

In case of contact with Rinse thoroughly with water and seek medical

In case of contact with

skin:

Rinse with soapy water, in case of illness,

seek medical advice.

If inhaled: Remove casualty immediately from source of

exposure and into fresh air.

If swallowed: Seek medical attention.

5. Firefighting measures

Extinguishing Agents: CO_2 , powder, foam

Specific hazards: No particular risk of fire or explosion.

Exposure to extreme temperatures may lead to

thermal decomposition. See §10.

Special measures equipment: Wear full protective equipment including:

helmet, self-contained breathing apparatus. Avoid breathing the products and substances that may result from thermal decomposition of the product or other substances in fire zone.

6. Accidental release measures

Personal Precautions: Observe the precautionary measures indicated

in the other sections.

Measures after leakage or Cover with inorganic absorbent material.

spillage:

Evacuate unprotected personnel from the hazardous area. Ventilate the area. Contain spill. Collect spilled material. Clean up residues with water detergent. Collect the resulting and residues containing the solution. Place in a metal container. Dispose

of collected material as soon as possible.

7. Handling and storage

Precautions: Store away from heat.

Ventilation: Store in a good ventilated area.

Precautions for safe Keep container tightly closed. For industrial

handling:

use only. Content may be under pressure: open with care. Avoid contact with skin and hot surfaces. Don't smoke: smoking during use of the product may induce the contamination of the tobacco and/or the fume and may cause the formation of dangerous products of thermal

decomposition. See §10.

8. Exposure Controls / Personal Protection

Eye protection: Avoid contact with the eyes.

Hand protection: Avoid direct contact with the skin.

Respiratory protection: Avoid inhalation of vapours, mists or spray.

Select one of the following approved

respirators based on airborne concentration

of contaminants and in compliance with

current regulations.

Ingestion: Do not ingest.

Recommended ventilation: Provide adequate local ventilation to ensure

the exposure limit value is observed. Exposure limit over 8h : 200 ppm

9. Physical and Chemical Properties

Appearance (physical state, Colorless fluid, low odour

colour, odour):

pH: N/A
Boiling Point: 76°C
Melting point: -138°C
Flash point: N/A
Temperature of auto 375°C

ignition:

Vapour pressure: 109 mmHg at 25 °C

Relative density: 1,43 g/cm³
Vapour density: 9,1 (air=1)

10. Stability and Reactivity

Materials to avoid: Strong bases

Hazardous decomposition Hydrogen fluoride, perfluoroisobutylene

products:

Stability: Stable. Hazardous polymerisation will not

occur.

11 Toxicological information

Effects of eye contact: Significant eye irritation is likely in case

of contact with eyes.

Effects of skin contact: Significant irritation of the skin is

possible in case of contact with skin.

inhalation: develop after one-time exposure to relatively

large amounts of this product.

Effects if ingested: Ingestion is likely to have an effect on

12. Ecological information

Persistence/Degradability: This product has chemical entities resistant

to biodegradation.

This product content a solvent of an

atmospheric life of 0,8 years, this does not

fall under the regulation of ORRChim.

Further information and

data:

Take the necessary precautions to avoid direct release of the product to the

environment.

13. Disposal considerations

Product as sold: Mix with flamable material and incinerate in

a suitable industrial facility. The products

of decomposition contains HF.

Potential for recycling:

Waste disposal:

Recycling at the manufacterer recommended. Dispose in accordance with the local Waste Disposal Authority and consider possible

pollution through use.

Recommended waste codes: 07 01 03 Halogenated organic solvents,

liquids and mother liquors

14 06 02 Other halogenated solvants and

solvents mixtures

14. Transport Information

ADR: This product is not regulated. IMDG: This product is not regulated. TATA: This product is not regulated.

15 Regulatory information

15.1 Regulations on air

protection (OPair):

15.2 VOC Regulations:

15.3 Characterisation

according to the legislation on chemical

products:

Hazard statements:

Substances class : 1

Symbole(s) : None

H413 Harmful to aquatic organisms, may cause

long-term effects.

Safety advice: P261 Avoid to breathe vapours.

P273 Avoid release to the environment. P302 In case of contact with skin, rinse

thoroughly with soapy water.

P305 in case of contact with eyes, rinse immediately with plenty of water and seek

medical advice.

P402 Store in a dry area. P410 Protect from sunlight.

P411 Store at a temperature not exceeding 25° $\,$

С.

P501 Dispose of waste / receptacles in accordance with local regulations.

P502 See manufacturer instructions for the

recovery.

16. Other information

This data sheet supplements the operating instructions but does not replace them. The information contained herein is based on our knowledge of the

product concerned as of the date of supply and is given in good faith. The user's attention is also drawn to risks that may arise when a product is used for purposes other than those for which it is intended. The information herein in no way dispenses the user from knowing and applying all provisions regulating his activity. The user bears sole responsibility for the precautions required when using the product..
